

# Imaginality Install / Uninstall Guide

This document will guide you through the Imaginality installation into Teacher Laptops and PCs, and student eBooks.

## Files for Install

### File 1: Non-Admin Installer.bat

- Located in **Imaginality Installation Tools** folder
- Installs Imaginality Play and Imaginality Create
- Does not require Admin account access

### File 2: Admin Installer.bat

- Located in **Imaginality Installation Tools** folder
- Installs SketchUp and SketchUp Connector
- Requires Admin account access

## Files for Uninstall

### File 1: Non-Admin Uninstaller.bat

- Located in **Imaginality Uninstallation Tools** folder
- Uninstalls Imaginality Play and Imaginality Create
- Does not require Admin account access

### File 2: Admin Uninstaller.bat

- Located in **Imaginality Uninstallation Tools** folder
- Uninstalls SketchUp and SketchUp Connector
- Requires Admin account access

**IMPORTANT:** Please uncompress (unrar) the 'Imaginality Tools' folder you have downloaded into "D:\". The batch files for install/uninstall can then be found in that folder.

## Teacher Laptops/PCs

(which do not require Admin account access)

### Installation

1. Run **Admin Installer.bat** found in **Imaginality Installation Tools** folder. Wait until installation is complete.
2. Run **Non-Admin Installer.bat** found in **Imaginality Installation Tools** folder. Wait until installation is complete.
3. Open Imaginality Play, click 'Login', and type your email and password.
4. After successful Login, the relevant modules will begin downloading.

### Uninstallation

1. Run **Admin Uninstaller.bat** found in **Imaginality Uninstallation Tools** folder. Wait until uninstallation is complete.
2. Run **Non-Admin Uninstaller.bat** found in **Imaginality Uninstallation Tools** folder. Wait until uninstallation is complete.
